THERMA TRU[®]
DOORS

Premium Entryways
Classic-Craft[®]

You're in expert hands.

THERMA-TRU[®]
DOORS

Therma-Tru doors are designed to make an inspired entrance, creating a look everyone will love while giving you the confidence that it will perform for years to come. Whether it's classic or contemporary — or somewhere in between — Therma-Tru offers virtually unlimited choices to complement the architecture of a home and a homeowner's sense of style.

Whatever your entrance needs — from energy efficiency to security — you'll find a wide range of durable and reliable Therma-Tru products built with beauty and performance, without any compromises.

A class all its own

The Classic-Craft® collection offers the premium look of authentic wood-grain combined with crisp square edges to create truly exceptional doors and complementary lites for a seamless entryway. This premium style accommodates more glass and wider panels, creating a more genuine aesthetic.

Classic-Craft®

Typical fiberglass

Architecturally correct for true classic beauty

Proportions modeled after classic architectural principles create a premium entryway.

Classic-Craft®

Typical fiberglass

Premium – right down to the edge

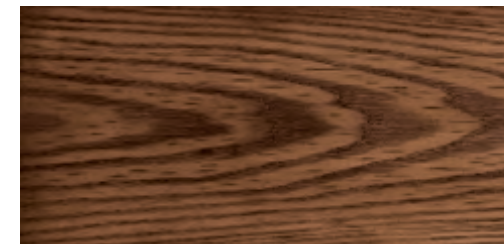

Classic-Craft®

A solid hardwood square edge delivers a genuine wood appearance.

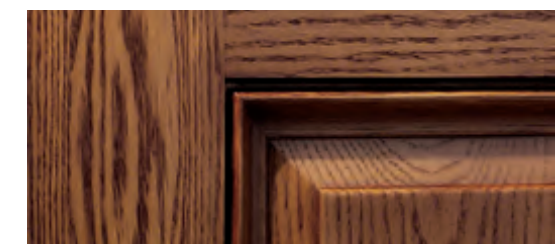

Typical fiberglass

The bullnose profile, typical of other fiberglass doors, detracts from the authentic wood look.

The look of real wood

Thanks to Therma-Tru's AccuGrain technology, these realistic wood grains are virtually indistinguishable from high-grade wood doors.

Crisp, handcrafted elegance

Enjoy details that define a custom door, with deeper embossments than found in standard fiberglass doors.

American

Features high-definition vertical Douglas fir grain with craftsman styling.

Finishing options

Enjoy endless customizability and create your preferred look with our premium finishings and fixtures.

Door frame, clad, and brickmould

Door frame and brickmould

Wood frames provide the greatest design flexibility with a one-piece custom jamb allowance up to 10". Composite frames available in 4 1/2" and 6 1/2" jamb sizes.

Aluminum brickmould and door frame clad

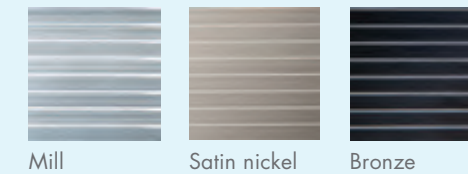

Vinyl brickmould and door frame clad

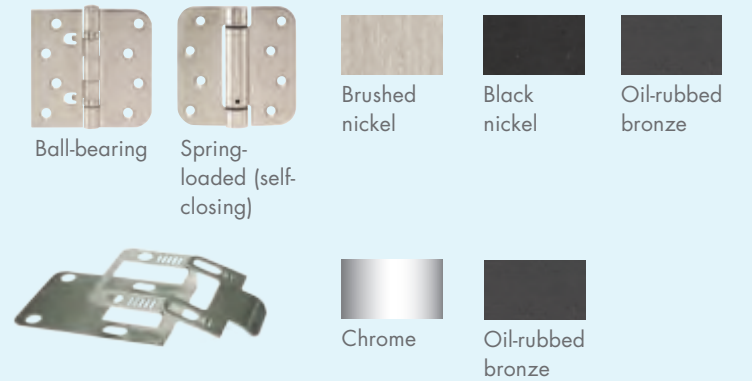

Door sill

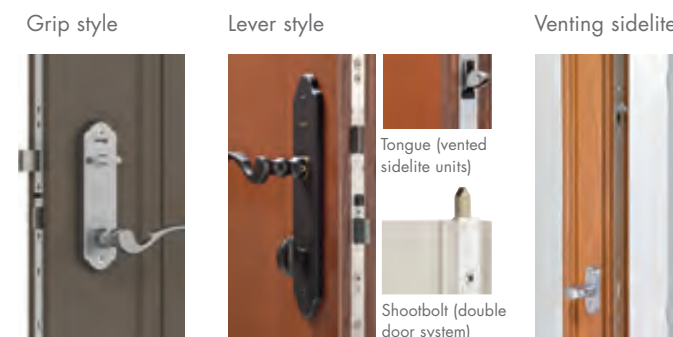

Inswing composite adjustable sill featured. Outswing option available.

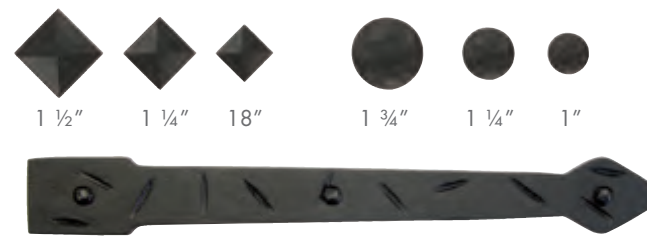

Adjustable strikeplate and hinges

Multi-point locking system

Clavos and strap hinges

Dentil shelves

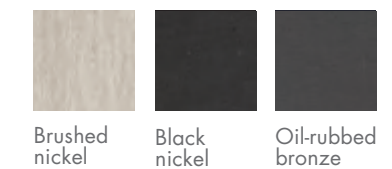

Complete the look with a dentil shelf for a true Craftsman appeal

Entryway handlesets

Available finishes

A complete door system

A complete door system is more than just beautiful doors and glass – it includes all the components needed to assemble it. We manufacture or specify every aspect of a complete door system. The Therma-Tru genuine components shown here are our standard Classic-Craft® options for long-lasting durability.

1 Composite adjustable sills*

Resist rotting and insects, and adjust to help maintain a tight seal over time.

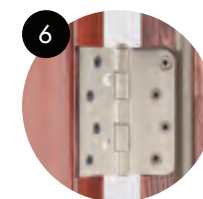

5 Multi-point locking system

Increased engagement at three critical points from top to bottom for enhanced stability and security. Recommended for double door configurations.

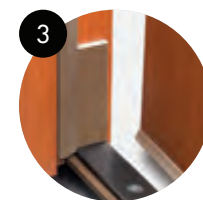

2 Dual-bulb / dual-fin bottom sweeps*

Help maintain tight contact with adjustable sill caps and create added barriers against moisture.

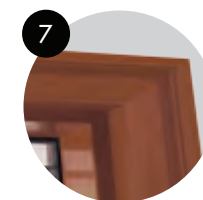

6 Ball-bearing hinges

Protect each hinge-pivot, or knuckle offering added support and stability to your Classic-Craft® door.

3 Corner seal pads*

Create an air pocket that helps prevent a vacuum from wicking moisture up the weatherstrip.

7 Rot resistant frame components

Complete your door system with smooth and wood-grain composite or wood jamb, brickmould, mullions and aluminum clad options manufactured and tested to our climate.

4 Medium reach weatherstrip

Compresses when the door is closed and springs back when it is open for long-lasting sealing power.

* Inswing configuration and components featured. Outswing option available.

Therma-Tru entryways by Durabuilt Windows & Doors meet current North American Fenestration Standard (NAFS) requirements. Ask your Sales Consultant for product performance information.

Same-Day Stain

Fiberglass finishing kit.

Create the authentic look of real wood in just a few simple steps

Developed exclusively for Therma-Tru fiberglass, the Same-Day Stain is the ideal finishing system for Classic-Craft® and Fiber-Classic® Entryways. It comes in in seven stain options that allow you to achieve the perfect look for your new entryway.

It's easy to achieve professional-looking results with this easy-to-use, quick-drying formula that's specially created for Therma-Tru fiberglass doors. The kit conveniently contains everything needed to stain a Therma-Tru fiberglass double door system or a single door with two sidelites.

Colourfast stain resists fading, bleaching and yellowing and creates a beautiful, natural finish. Finish colours can be applied in a variety of shades to complement multiple different home styles.

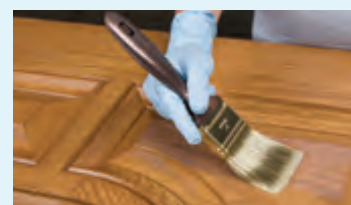

Step 1: Clean door

Step 2: Apply stain

Step 3: Seal with top coat
